

Stream	Session	Seq	SESSION THEME / Talk Title	ROOM / Presenter Surname	TIME / Presenter Given Names	Presenter University
1	A		<b>AI, USER INTERACTION AND ASSISTANCE</b>	SIERRA SUITE C	1:30-3:00pm	
		1	Future? What Future?: Absence in Research	Hovorka	Dirk	University of Sydney
		2	AI-Enabled User Assistance: Designing Human-Intelligent System Cooperation	Morana	Stefan	Karlsruhe Institute of Technology
		3	Intelligent Collaboration of Humans and Language-Based Assistants (INSTANT)	Semmann	Martin	Universität Hamburg
		4	Use of EEG Signals to Analyze Cognitive Load on Task Performance of Voice Controlled VR User	Al Mamun	Md Rasel	University of North Texas
		5	An Exploratory AI-driven Visual Workbench for Collaborative Root Cause Analysis	Souren	Paul	Nova Southeastern University
		6	Thumbs Up or Down: Cross-Cultural Technical Support Through the Use of Emojis	Cummings	Jeff	University of North Carolina Wilmington
		7	Creating a Secure Course: Virtual Network Configuration and Process Development for a Course in Malware Analysis	Cummings	Jeff	University of North Carolina Wilmington
1	B		<b>IS SECURITY, PRIVACY AND ETHICAL ISSUES</b>	SIERRA SUITE C	3:30-5:00PM	
		1	Theorizing Technology Addictions: Model Development, Measurement and Effects on Productivity	Nyamadi	Makafui	University of Ghana
		2	An Evolving Information Privacy Research: – A Datification View	Xie	Wei	University of North Carolina – Greensboro
		3	You've Got Lies: Moral eDisengagement in eMail and Text Messaging	Druffel	Karen	Framingham State University
		4	Cyber Forensics: State of the Art and Literature Review	Balan	Shilpa	California State University-Los Angeles
		5	When External Pressures Collide: The Case for Balancing Information Security Risk and Compliance	Rivera	Darwin	IE University Spain
		6	Outside In – An Engaging Approach to Teaching Information Security Management	Huber	Mark	University of Georgia
		7	Using Applications on Personally Owned Devices to Implement the "One-Minute Paper" in a Second Year Information Systems Course	Nesbit	Trevor	Ara Institute of Canterbury, New Zealand
		8	A Comparative Study of the Home Computer User Security Behavioral Intention	Ho	Kevin K. W.	University of Guam
2	A		<b>SOCIAL MEDIA, ONLINE COLLABORATION AND INDIVIDUAL PERFORMANCE</b>	SIERRA SUITE H	1:30-3:00pm	
		1	Stakeholders of Free Software Projects: What is missing in the literature?	dos Santos	Carlos Denner	University of Brasilia
		2	A Picture is Worth One Thousand Words: How Title Images Affect the Performance of Crowdfunding Projects via Emotions?	Zhang	Jie	University of Texas Arlington
		3	Crowdsourcing for New Media Online	Chou	Chih-Yuan	Purdue University
		4	Assessing Website Credibility Through the User's Eyes	Mirsadikov	Akmal	Wichita State University
		5	ICIS 2018 San Francisco: What Motivates You? Linking Enterprise Social Media Use, Gratification, Performance and Well Being	Grover	Jeanetta	Trident University International
		6	Fakery and Naiveté: Production and Consumption of "Fake" News	Murungi	David	Bentley University
		7	The Eternal Memory of the Internet and its Implications for Decision Making Based on Information from the Web: An Experimental Investigation	Safi	Roomezehr	University of Missouri–Kansas City
		8	A Comprehensive View of Individual Problem Solving Performance	Armstrong	Deborah	Florida State University
2	B		<b>HEALTH IT</b>	SIERRA SUITE H	3:30-5:00PM	
		1	The Effects of Surface and Deep Level Similarities on Online Behaviors: An Investigation of Online Healthcare Platforms	Wang	Liuan	Harbin Institute of Technology
		2	Exploring Caregivers' Health IT Capability and Decision Making	Hah	Hyeyoung	Florida International University
		3	Design of a digital health system for preventing childhood sports injuries	Singh	Akanksha	University of South Carolina
		4	Design and implementation of a digital health system for preventive behavioral and social health visits of at-risk families	Schooley	Benjamin	University of South Carolina
		5	Dr. Alexa? Exploring Health and Virtual Assistants	Miller	Andrew S	Mississippi State University
		6	Trust in Health Chatbots	Wang	Weiyu	Missouri University of Science and Technology
		7	The dialectics of opening-up drug discovery: Open Targets platform	Pujol Priego	Laia	Ramon Llull University, Spain
		8	Regulations and mobile health apps	Varshney	Upkar	Georgia State University
3	A		<b>INNOVATING IN TEACHING</b>	SIERRA SUITE I	1:30-3:00pm	
		1	Innovating in the IS Classroom: Teaching Process Diagrams to Undergraduate Students	Sciarow	Steven	Temple University, Philadelphia
		2	Escape room in education: exam or team building	Järveläinen	Jonna	University of Turku Finland
		3	The Impact of More C-Level or Executive Speakers in CIS Class	Shim	J. P.	Georgia State University
		4	Scrum Without Software: Teaching Agile IT Project Management	Rush	Daniel	Boise State University
		5	Garfield's Adventure as a Data Analyst: A Fun Story to Teach Effective Visual Design	Chen	Fang	University of Manitoba, Canada
		6	Automatic Grading and Formative Feedback in Excel with Plagiarism Prevention	Frost	Raymond	Ohio University
		7	From Role-Playing to Actant-Playing – Introducing Students to the Complexity of IS Implementation	Pouloudi	Nancy	Athens University of Economics and Business
3	B		<b>M-COMMERCE, E-COMMERCE, MOBILE TECHNOLOGY</b>	SIERRA SUITE I	3:30-5:00PM	
		1	Impacts of Touch and Feel on E-Auction Bidding Behaviors (A new form of Information Asymmetry in E-Auctions)	Muthitacharoen	Achita	Wichita State University
		2	Do Timely Responses from Airlines via Social Media Platforms Win Customers' Hearts?	Lu	Lin	Auburn University
		3	How do Sales Respond to Various User-generated-content?	Zhang	Jie	University of Texas Arlington
		4	Adoption life cycle of M-payments: A study of pre-adoption and post-adoption phases	Ghosh	Arunava	Indian Institute of Management Indore
		5	Mobile money and sustainable Entrepreneurship: An insight from African Women Businesses	Ameen	Nisreen	London School of Business and Management
		6	AR Simulations in Real Customer Environments: The Effect of Position-Relevance on Purchase Intention in a Prominent Mobile Retail App	David	Alsuis	University of North Texas.
		7	Are people addicted to smartphone inclined to consuming music?	Ning	Weihong	Texas Tech University
		8	Where are we now? Mobile App Ratings in the Banking Industry 10 Years after the iPhone	Ali	Radwan	Kennesaw State University

Stream	Session	Seq	SESSION THEME / Talk Title	ROOM / Presenter Surname	TIME / Presenter Given Names	Presenter University
4	A		<b>PRACTICE, DESIGN AND THEORY</b>	SIERRA SUITE J	1:30-3:00pm	
		1	Gamifying Information Systems - Improving Motivation and Effective Use Through a Theory-motivated Method	Schöbel	Sofia	University of Kassel
		2	Navigating Global Online Market Places (GOMPs)– An ADR Perspective	Baiyere	Abayomi	Copenhagen Business School Denmark
		3	Nudging Privacy in Digital Work Systems – Towards the Development of a Design Theory	Janson	Andreas	University of Kassel
		4	Digital Practices	Baiyere	Abayomi	Copenhagen Business School Denmark
		5	Detecting Workarounds Using Domain Knowledge-driven Process Mining	Beerepoot	Iris	Vrije Universiteit Amsterdam & ICTZ
		6	Explore the Manager Attitude of Adopting the Cloud ERP from the New Constructs with Support Theory	Cheng	Kuang-Ting	National United University, Miaoli, Taiwan
		7	Opening the Black Box of Value Co-Creation for Digital Service Design: A Process Theory	Tuunanen	Tuure	University of Jyväskylä Finland
4	B		<b>INCLUSION AND IMPACT</b>	SIERRA SUITE J	3:30-5:00PM	
		1	A Citation Analysis of the Basket of Eight IS Journals	Walsh	Kenneth	University of Florida
		2	Operationalizing Responsible Innovation in Information Systems	Cherki El Idrissi	Sarah	Université Laval
		3	Towards a FAIR Internet of Data, Services and Things for Practicing Open Science	Loebbecke	Claudia	University of Cologne, Germany
		4	Toward a New Platform for Citizen Interaction with Government	Swanson	E Burton	UCLA Anderson School
		5	Autism Employment in IT: A Research Agenda	Annabi	Hala	University of Washington
		6	Autonomy in AI Systems: Rationalizing the Fears	Walsh	Kenneth	University of New Orleans
		7	AVOIDING THE RISKS ASSOCIATED WITH GREEN IS- Is Coopetition a way out?	Nemeh	Andre	Rennes School of Business
		8	Clean technologies: A new frontier for impactful Information Systems research	Corbett	Jacqueline	Université Laval
5	A		<b>BLOCK CHAIN AND AIRBNB</b>	SIERRA SUITE K	1:30-3:00pm	
		1	Assessing Legitimacy of Blockchain Applications	Sadhya	Vikram	Louisiana State University
		2	Strategic and Organizational Objectives of Blockchain Technology: A Value-Focused-Thinking Approach	Hassna	Ghazwan	Hawaii Pacific University
		3	Is Mining a Sustainable Business?	Sadhya	Vikram	Louisiana State University
		4	Simulation-based design for exploring and evaluating blockchain applications	Bauer	Ingrid	University of Zurich
		5	Individual Attitude, Trust and Risk Perception towards Blockchain Technology, Virtual Currency Exchanges, Cryptocurrency Transactions and Smart Contracts	Chen	Li-Chiou	Pace University
		6	Understanding and Examining Host's Embeddedness and Its Impact on Host Innovation Performance in Airbnb	Sadhya	Harshali	Louisiana State University
		7	Is your Airbnb Listing "Uber" Friendly?	Sadhya	Harshali	Louisiana State University
5	B		<b>Data analytics</b>	SIERRA SUITE K	3:30-5:00PM	
		1	Role of data structures and human memory in improving quality of UGC	Maddah	Mahed	Florida International University
		2	Identifying Effective Performance Measures in Big Data Oceans	Geri	Nitza	The Open University of Israel
		3	Tools for Using APIs to Collect Data	Olsen	Timothy	Gonzaga University
		4	Classifying Investor Sentiment in Microblogs: A Transfer Learning Approach A	Deng	Shuyuan	Grand Valley State University
		5	Blending Human Biases into 'Composite Sentiment Index'	Eachempati	Prajwal	Indian Institute of Management Rohtak
		6	Designing an ARCS Based BI Course Without Losing Your Mind	Matta	Vic	Ohio University
		7	A foundational course of data analytics for all Business students: Design and implementation at two universities	Chen	Fang	University of Manitoba
		8	Time for Machine Learning in Introductory IS Courses?	Lukyanenko	Roman	HEC Montreal
